

Summary

**Town of Cutler Bay
Flood Mitigation Plan Advisory Committee Meeting
March 31st, 2015
5:30 PM**

The Town of Cutler Bay held an advisory committee meeting to discuss the quarterly review of the Floodplain Mitigation Plan. This meeting was held in the Cutler Bay Town Hall and began at 5:30 PM.

The meeting was brought to order by Chairperson Janice Rowton who called the roll and led the Pledge of Allegiance.

Mr. David Stroud with Amec Foster Wheeler discussed the last meeting of the Advisory Committee Meeting along with the approval process of the Floodplain Mitigation Plan. The Advisory Committee Meeting on September 25th, 2014 included a review of the major sections of the plan. A public meeting before the Town Council was held on October 2nd to approve the floodplain mitigation plan. The plan was then sent to the State of Florida for review and compliance with the Disaster Mitigation Act of 2000. The state required some minor changes to plan. After changes were made to the plan, it was re-submitted to the state for review. On Monday March 30th, the State of Florida approved the plan pending additional adoption.

Mr. Yenier Vega with the Town's Public Works Department provided a detailed review on the status of the seventeen (17) mitigation projects from the Town's Flood Mitigation Plan (Attachment "B"). This quarterly review of projects included the following:

- Project Description
- Project Benefits
- Current Status

The current status indicated if there was a budget allocated for the project, if project grants were applied for or received, and other agencies who may be involved in the project. There was concern over making it clearer that in most cases with state grant funding that there is a 50% cost share from the local community.

Committee Members present: Ms. Janice Rowton - Chairperson, Mr. Luis Badillo, Mr. Paul Mauriello, and Mr. Jorge Acevedo.

Those in attendance at the Committee Meeting included: David Stroud – AMEC (Town's Consultant), Mrs. Sandra Aronoff – Building and Code Compliance Division Manager, Mr. Yenier Vega – Stormwater Utility Manager, and Mr. Rafael Casals – Town Manager.

The meeting was adjourned at 6:50 PM.
