Re: **Expansion of Town's "Green Movement"**

The Town of Cutler Bay Youth Council humbly asks the Town of Cutler Bay Council to consider integrating more environmentally friendly enhancements at Town events and areas around Old Cutler Road. The Youth Council finds great interest in these matters and would like to support a "Green Movement" within the Town of Cutler Bay. We propose including more trash bins and recycling bins at Town-sponsored events and in the surrounding areas along Old Cutler Road, specifically, the bus stops around 87th Avenue and Franjo Road. Furthermore, the Youth Council aspires to provide the people in the community with the choice and ability to recycle and dispose of their rubbish.

These ideas are a result of our collective inclination to improve the quality of the environment and maintain the cleanliness of our community.
