## PUBLIC SURVEY FOR FLOOD MITIGATION PLANNING

### Cutler Bay needs your help!

The Town of Cutler Bay is working to become less vulnerable to flooding and your participation is important to us!

The Town received a Flood Mitigation Assistance federal grant to prepare a *Flood Mitigation Plan*. This Plan will identify and assess our community's flood hazard risks and determine how to best minimize or manage those risks and what outreach materials may be necessary to better communicate those risks.

This survey is an opportunity for you to share your opinions and participate in the mitigation planning process. The information you provide will help us better understand your hazard concerns and can lead to mitigation activities that should help lessen the impacts of future hazard events.

Please help us by completing this survey by March 30, 2014 and returning it to:

Sandra Cuervo, CFM  
Town of Cutler Bay – Community Development Department
