To the Land and Water Conservation Fund (LWCF) 2015-2016 Applicants,

We are writing to inform you that the 2015-2016 Land and Water Conservation Fund Priority List was recently approved and signed by Deputy Secretary, Gary Clark. Attached is a copy for your reference. Please send confirmation that your city/county/district will accept the recommended award or let us know if the funds will be declined. In addition, attached is an Assurances Form that should be signed and dated.

Both the Acknowledgement Letter and the Assurances Form should be **returned to our office on or before June 30, 2016**. Our office will then submit the application and all supporting documentation to the National Park Service (NPS) for final approval. If more or revised information is needed to complete the NPS review process, you will be contacted. Once NPS has approved the application an award letter and grant agreement will be forwarded.

We appreciate your patience and understanding during this interim period. If you should have questions please contact our office at (850) 245-2501. Thank you and we look forward to working with you on your LWCF project.
