RESPONSIBILITIES OF THE APPLICANT

I AM AWARE THAT:

1. The Department Environmental Resources Management (DERM), and other agencies review and critique zoning applications which may affect the scheduling and outcome of applications. These reviews may require additional public hearings before DERM's Environmental Quality Control Board (EQCB), or other boards, and /or the proffering of agreements to be recorded. I am also aware that I must comply promptly with any DERM conditions and advise this office in writing if my application will be withdrawn.
2. Filing fees may not be the total cost of a hearing. Some requests require notices to be mailed to property owners up to a mile from the subject property. In addition to mailing costs, fees related to application changes, plan revisions, deferrals, re-advertising, etc., may be incurred. Application withdrawn within 30 days of the filing are eligible for a refund of 25% of the hearing fee but after that time hearings withdrawn or returned will be ineligible for a refund. I understand that fees must be paid promptly.
3. The South Florida Building Code requirements may affect my ability to obtain a building permit even if my zoning application is approved; and that a building permit will probably be required. I am responsible for obtaining permits and inspections for all structures and additions proposed, or built without permits. And that a Certificate of Use and Occupancy must be obtained for the use of the property after it has been approved at Zoning Hearing, and that failure to obtain the required permits and/or Certificates of Completion or of Use and Occupancy will result in enforcement action against any occupant and owner. Submittal of the Zoning Hearing application may not forestall enforcement action against the property.
4. The 3rd District Court of Appeal has ruled that zoning applications inconsistent with the Comprehensive Development Master Plan (CDMP) cannot be approved by a zoning board based upon considerations of fundamental fairness. Therefore, I acknowledge that if the hearing request is inconsistent with the CDMP and I decide to go forward then my hearing request can only be denied or deferred, but not approved.
5. In Miami-Dade County v. Omnipoint Holdings, Inc. Case No. 3d01-2347 (Fla. 3rd DCA 2002), the 3rd District Court of Appeal has held invalid the standards for non-use variances, special exceptions, unusual uses, new uses requiring a public hearing and modification of covenants. This is not a final decision and the County Attorney's Department professional staff to develop new standards that will address the Court's concerns. While the new standards are being developed, applicants are advised that any non-use variance, special exception, unusual use, new use requiring a public hearing or request for modification of covenants granted under the existing standards are subject to being reversed in the courts. An applicant wishing to avoid the substantial legal risks associated with going forward under the existing standard may seek a deferral until the new standards are developed.
6. Any covenant to be proffered must be submitted to the Town of Cutler Bay Legal Counsel, on Town form, at least 1 month prior to the hearing date. The covenant will be

reviewed and the applicant will be notified if changes or corrections are necessary. Once the covenant is acceptable, the applicant is responsible to submit the executed covenant with a current 'Opinion of Title' within 1 week of the hearing. And that Legal Counsel must carry a cover letter indicating subject matter, application number and hearing date.

7. The Town of Cutler Bay Department of Public Works reviews and critiques Zoning applications and may require conditions for approval.
8. **THE APPLICANT IS RESPONSIBLE FOR TRACKING THE STATUS OF THE APPLICATION AND ALL HEARINGS THAT MAY BE ASSOCIATED WITH THIS APPLICATION.**

Re: Centro Evangelistico La Roca, Inc. / Folio No. 36-6009-000-0160 / 20851 SW 97 Avenue / Rezoning Application / Revised Letter of Intent (Submitted 5.30.18)

Dear Ms. Lyon:

This law firm represents Centro Evangelistico La Roca, Inc. ("Applicant"), the owner of the property located at 20851 SW 97 Avenue, in the Town of Cutler Bay ("Cutler Bay"), further identified by Miami-Dade County Folio No. 36-6009-000-0160 (the "Property"). This letter shall serve as the Applicant's revised letter of intent in support of a rezoning application to re-designate the Property from "SR (Single-Family Residential Density)" to "INT (Institutional)", pursuant to Section 3-36 and 3-38 of the Town of Cutler Bay Land Development Regulations. After careful consideration, and in connection with the proposed project and grade levels, the Applicant now seeks to operate a Pre-K to 8th Grade charter school, rather than the Pre-K to 12th Grade levels, as originally proposed. The Applicant has also filed concurrent and respective land use amendment, site plan, and conditional use permit applications in connection therewith.

Property. The Property is approximately 4.2 acres of land located south of Montego Bay Drive and east of SW 97 Avenue, directly across from Gulfstream Elementary School. The Property is currently improved and utilized as Centro Evangelistico La Roca church, and enjoys a privileged location that is ideally suited for an "INT (Institutional)" zoning designation. As such, approval of the proposed rezoning request would be consistent with the character of the community and consistent with adjacent future land use designations. In fact, in 1966 the Miami-Dade County Zoning Appeals Board approved a church and Sunday school, summer bible school, and kindergarten and elementary school use on the Property, pursuant to Resolution No. 3-ZAB-427-66. See Exhibit "A" (Miami-Dade County Resolution No. 3-ZAB-427-66). As such, approval of the proposed zoning would be consistent with the character of the community and consistent with the Town's delineated goals and needs.

Request. Pursuant to Section 3-38(D) of the Town of Cutler Bay Land Development Regulations, in considering a rezoning of the Property, the Town Council shall use the following criteria in making their decision:

1. The proposed rezone is consistent with the goals, objectives and policies of the Town's Growth Management Plan.

The Applicant has also filed a concurrent application for an amendment to the Town's Growth Management Plan Future Land Use Map to re-designate the Property from "Low-Density Residential" to a "Institutional". As such, the requested land use designation and the "INT (Institutional)" zoning classification are in-line and will serve to meet the needs of the City's growing diverse community, by contributing to the Town's economic prosperity and viability by creating much-needed jobs, improving access to quality education, cultivating the aesthetic character of the surrounding neighborhood, and enhancing property values by providing high-quality public-school opportunities. This Project will meet the primary intention of the Growth Management Plan and the respective goals, objectives, and policies, which ultimately serve to protect the public health, safety, and welfare of the Town and its residents.

2. The proposed zoning district is compatible with the surrounding area's zoning designation(s) and existing uses.

As shown in the Preliminary Site Plan, the Applicant is proposing to redevelop the Property as a 54,000 square foot educational facility in order to operate a (Pre-K - 8th Grade) charter school (the "Project"). As part of the Project, the Applicant also proposes the development of a brand new 6,000 square foot religious institution, for use by the Centro Evangelistico La Roca church. The Project is wholly compatible with the character and purpose of the "INT (Institutional)" zoning district, which provides for the continued and future development of academic campuses, and is compatible with the general neighborhood and existing uses near the Property, including Gulfstream Elementary School, located just across SW 97 Avenue. Additionally, the unique nature of the Project provides a tremendous benefit to the adjoining communities, will be constructed utilizing the highest quality materials and design elements, and will ultimately serve to enhance the surrounding community.

3. The subject property is physically suitable for the uses permitted in the proposed district.

The design and functional layout of the Project represents the most appropriate use that will be compatible with the area, and which will not result in increased sprawl or lead to detrimental impacts. The Project will be developed in a manner consistent with the high quality development that is representative of the Town of Cutler Bay and meets all of the development standards set forth in Section 3-56 of the Town of Cutler Bay Land Development Regulations. Additionally, and as set forth in Policy EDU-7H of the Town Growth Management Plan, the Project will serve to eliminate infrastructure deficiencies surrounding existing school sites, and pursuant to Policy EDU-7I, will provide an adequate site for required education facilities. The Project

Ms. Kathryn Lyon
Planning and Zoning, Director

is also in-line with Objective EDU-5, as it will also help to develop programs and opportunities to bring schools and the community closer together.

In summary, we believe that the proposed application represents a compatible and effective use that will serve the operational needs of the Applicant, while exemplifying the high quality of development that is representative of the Town of Cutler Bay, and meeting the goals of the Town Council. Based on the forgoing, we look forward to your favorable recommendation. Should you have any questions or concerns regarding this Application, please do not hesitate to phone my direct line at (305) 789-7446.

Respectfully submitted,

INSTRUCTIONS FOR FILING APPLICATIONS
FOR
ZONING APPEALS BOARD HEARINGS

RECEIVED
AUG 8 1966
DADE CO. BLDG. & ZONING
DEPT.

All applications must be executed and sworn to by the owner (or owners of at least 75% of the property described in the application), or by a tenant or tenants with owner's written sworn-to consent, or a duly authorized agent, evidenced by a written power of attorney. ALL APPLICATIONS AND SUPPORTING DATA MUST BE FILED IN DUPLICATE- ONLY COMPLETE APPLICATIONS WILL BE ACCEPTED.

Applications will not be advertised for hearing unless received in completed form by the Building & Zoning Department, with all required supporting data.

It has been the practice of applicants to withhold submission of applications for Zoning hearings until the established deadline date, resulting in the largest percentage of applications being received on that date. Because such practice makes it difficult, if not impossible, to properly process such applications, it has become necessary that this Department limit the number of applications which will be accepted for any month's hearings. The number of applications accepted for any month may fluctuate, depending upon the number of applications carried over from the previous month.

Hereafter, under this policy of acceptance of only a limited number of applications each month, applications will be considered on a first come, first serve basis.

Only complete applications, with all required and correct exhibits will be considered for acceptance and they will be processed, and stamped as accepted, if complete, in the order received.

Applications will be considered complete only when all applicable questions have been answered, including a complete and accurate legal description, and properly signed and notarized, and including all supplementary data submitted with and as called for in the application. (Note that applications for various type hearings require different supplementary data).

Applicants are advised that the mere filing of this application and appearance at the Public Hearing in no way assures approval of the application. Your application in order to justify any consideration for approval, must conform to good planning and zoning principles and must conform to the plan for the development of Dade County.

It is advisable to discuss the merits of your application with a member of the Building & Zoning staff before filing in order that time and money will not be wasted on an unsound application.

It is recommended that the completed applications be turned in personally to a member of the staff assigned to check them so that possible discrepancies can be corrected at that time. Otherwise, the Department accepts no responsibility for completeness and accuracy of the application, and will not advertise an incomplete or inaccurate application.

HEARING FEE: The amount of the fee cannot be determined until after this Department has submitted application to the compiler of the required ownership sketches and lists, and the amount of work involved has been determined. Applicants will receive a mailed notice indicating the total amount of the hearing fee. This notice will also indicate a date by which the fee must be received by this Department if the application is to be advertised for the next available hearing. Applications will not be considered complete or filed until the fee has been received by the Building and Zoning Department.

*DATA AND EXHIBITS submitted in connection with application become a PERMANENT PART OF THE PUBLIC RECORDS OF DADE COUNTY. All exhibits TO BE ATTACHED to complete application for public hearing should be maximum 9" x 9" size. The department projects the exhibits on a Delineascope at both the Zoning Appeals Board and the County Commission hearings. It will be to the applicant's advantage that his exhibits conform to size.

I have read and understand the foregoing instructions.

DATE: September 28, 1966
HEARING NO.: 66-10-37
APPLICANT: Richard A. Richards, Trustee

Recommendation of the Zoning Director is for:

Application should be approved subject to usual conditions including plot use approval, with emphasis on the landscaping of parking areas to break up the expanse of paving and with hedges and/or walls on the perimeters of such parking areas.

METROPOLITAN DADE COUNTY PLANNING DEPARTMENT
RECOMMENDATION TO THE ZONING APPEALS BOARD

To: Members, Zoning Appeals Board

Date: October 1, 1966

From: Reginald R. Walters, Director
Planning Department

Subject: ZAB Hearing Item #66-10-37
Richard Richards
Section 9-56-40

Reginald R. Walters

RECOMMENDATION:

The Planning Department recommends that the application be approved subject to the usual conditions pertaining to such uses and including but not limited to Plot Use Plan approval, conformance to the requirements set forth in the proposed off-street parking landscaping ordinance, and all right-of-way dedications deemed necessary by the Director of Dade County Public Works Department.

The area in which the proposed use is to be located is developed on a low density residential basis to the north. Directly to the west is Gulfstream Elementary School and to the east a few hundred feet is another church. To the south the land is vacant. Considering the other institutional uses nearby and the residential area which this use will serve this use will be compatible with the existing residential development and complimentary to the existing institutional uses and would not be detrimental to the area.

Mr. Cotton: We would appreciate deferment.

Mr. Czebrinski: I would see no objection, Mr. Chairman, to deferring it.

Chairman Lee: Does thirty days make that much difference?

Mr. Cotton: As soon as possible.

Chairman Lee: Your motion, then, is withdrawn.

Mr. Flinn: If the motion is rescinded, I make a new motion to defer this application and the other application--in other words, both their sign applications, for a period of thirty days.

Mr. Harlow: I will second that.

Mr. Flinn: That is November 7, I think, 9:00 a.m.

Mr. Czebrinski: That is fine.

Chairman Lee: We have a motion that was offered by Mr. Flinn, seconded by Mr. Harlow, for a thirty-day deferral of both applications. Any discussion on the motion? Those opposed signify by raising their right hand. That motion is carried six to zero.

Whereupon the motion carried by a vote of 6-0; Mrs. Salley being absent.

Hearing 66-10-39.

Mr. Reynolds: I agree that something has to be done, but I would suggest it be turned over to the Planning Department rather than turning it down. Would it hurt to take a 30-day or 60-day study?

Chairman Lee: Are you making your motion that we defer it to the Planning Department?

Mr. Reynolds: Yes. I think it is a mistake to abut RU-4 right next to RU-1, but what you should put there now I am not ready to say.
