Neat Streets Miami is a Miami-Dade County board dedicated to the maintenance and beautification of transportation gateways, corridors and connections. The board's Million Trees Miami campaign has a goal of 1 million trees planted by 2020 and a 30 percent tree canopy throughout Miami-Dade County. In order to reach this goal, Street Trees Matching

Grant program, funded by Miami-Dade County, engages municipalities, non-profits and community organizations in planting native or Florida-friendly trees on Miami-Dade's corridors and gateways. Grants of \$5,000 to \$25,000 will be awarded to those communities who can demonstrate the greatest benefits for residents, employers and visitors and are able to provide a stewardship plan for our joint investment.

On December 13, 2016, the Town submitted a grant application requesting funding on behalf of the Public Works Department. Neat Streets Miami has awarded the Town a \$12,500 matching grant to plant fifty (50) trees on the swale and public right-of-way of various local and/or county roads throughout the Town.
